Subject: Proposal Yagi Antenna Modification

Enclosure: (1) One (1) sketch proposed assembly for Yagi Antenna

Gentlemen:

In accordance with your recent request we are submitting herewith our bid for the mechanical modification of a quantity three (3) Yagi Antennas (one each of three sizes), which will be furnished by your organization.

Each antenna is to be redesigned to allow more compact packaging, with all parts or sub-assemblies to have a maximum dimension in any direction of 18 inches. There are no environmental or other specifications beyond good workmanship. No electrical tests are required. Assembly and disassembly instructions are to be furnished with the modified antennas. Proposed delivery is thirty (30) days from receipt of contractual authorization.

[redacted] proposes to redesign the Yagi antennas approximately as shown in the attached sketch and install mating sleeves to enable quick assembly and disassembly of each unit. The sleeves will be installed on internal surfaces where applicable and fastened with threaded bolts. The maximum dimension of any part will not exceed 18 inches and mating parts will be marked for easy identification upon assembly. Instructions for assembly and disassembly of the antennas will be furnished with the completed antennas.
